

## Find a Provider in Four Easy Steps

Welcome to MultiPlan’s online tool for locating providers participating in the PHCS Network, PHCS Healthy Directions, and/or The MultiPlan Network. Follow these four steps easy to identify your providers of choice.

**Step 1: Identify Your Network Logo.** The network used by your health plan is identified by a logo on your identification card. Toggle between the “Most common logos” and “Other network logos” tabs to match the logo that most closely resembles the one(s) on your card.

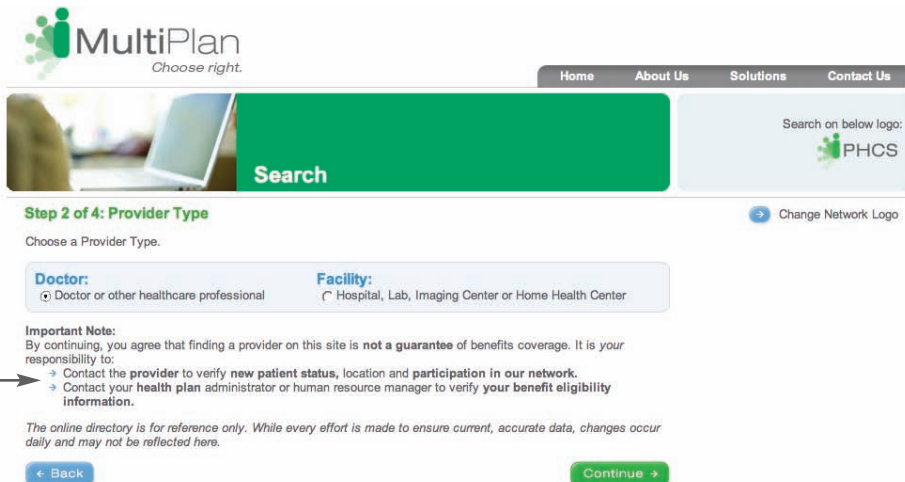

If you have matching logos on both the front and back of the card, select the logo(s) on the front.

If you don't select a logo, you can still search The MultiPlan Network.

Click **Other network logos** if you don't see a match on the front, before moving to the back.

**Step 2: Provider Type.** Choose between Doctor and Facility, and then read and acknowledge the conditions that apply to this online search tool.

Depending on your health plan, the provider you select may not be available and the services you need may not be covered. Before making an appointment, you should always follow these two steps.

Your selected logo is displayed in the blue box. Click here to select a different logo.
